

LGBTQI stands for Lesbian, Gay, Bisexual, Transgender, Questioning, and Intersex.

LESBIAN: Women who experience sexual, romantic, physical, and/ or spiritual attraction to other women.

Definitions

GAY: Used in some cultural settings to represent men who are attracted to men in a romantic, erotic and/or emotional sense. Not all men who engage in same-gender sexual behavior identify as gay,

and as such this label should be used with caution. BISEXUAL: A person who experiences sexual, romantic, physical, and/or spiritual attraction to more than one gender, not necessarily at the same time, in the same way, or to the same degree.

than that expected based on sex or gender assigned at birth. Sexual orientation varies and is not dependent on gender identity. their gender identity and/or sexual orientation.

TRANSGENDER: A person who lives as a member of a gender other

QUESTIONING: An individual who is unsure of and/or exploring INTERSEX: Intersex people are born with "sex chromosomes," external genitalia, or internal reproductive systems that are not

considered "standard" for either male or female. The existence of intersexuals shows that there are not just two sexes and that our

Thought About Suicide

How can WE make a difference? None of this is acceptable. Clearly, we have more to do. We have therefore published a comprehensive LGBT Action Plan that sets out what steps the government will take in response to the survey

findings. This looks across the board at government services. We will also publish as much of the survey data as possible, so that

Despite the progress we have made as a country, we should not be blind to the fact that LGBT people continue to face barriers to full participation in public life. We want to build a country that works for

stakeholders and researchers can make use of the findings.

everyone, and that means tackling these burning injustices
